Deliverable Description

In WP 13, Dissemination and Training, Task A3 is titled Developing and moderating COMPARE public website. Deliverable 13.3 is the COMPARE public website.

The Link

The COMPARE public website has the URL www.compare-europe.eu.

Content

The COMPARE public website contains general information about the project, links to related projects, information about the organization of COMPARE, as well as contact information for the WP leaders and Project Office.

News and a project calendar is also available from the website. Additional project information and conference/publication results are available via the [‘Library’ page](#).

The [COMPARE tools link](#) will be useful for the project participants and stakeholders to explore all the possible bioinformatics tools that will be shared.

Updates

The website will be continually updated with new information, additional publications and tools useful to project participants and stakeholders.

The COMPARE public website was delayed in being published due to a delay in recruiting the Project Manager. This delay in no way had an impact on other work in the project.
